DEPARTMENT OF AGRICULTURAL ECONOMICS
AND INTERNATIONAL ECONOMIC RELATIONS

Warsaw, 21 November 2016

Dear Sirs

Department of Agricultural Economics and International Economic Relations - SGGW is warmly inviting you to participate in the 14th International Science Conference on **Global Problems of Agriculture and Food Economy** to be held on June 8-9, 2017 in Warsaw-Rogów, Poland.

Every year since 2004, we have hosted the representatives of different scientific centers who in their scientific research, deal with global and regional determinants of the development of rural areas. Just like in the previous years, the 2017 conference is to be a broad scientific forum focused on exchanging views, experiences and concepts of solving contemporary dilemmas in the science-research sphere concerning the international determinants of development of agriculture and food economy.

We hope that the topics of the conference will turn out to be interesting for you, and the conference will give a great opportunity to exchange views, have inspiring discussions and will contribute to development of the Polish economic ideology.

We invite you kindly to participate in our conference, and would like to ask you to forward information about conference to your colleagues and acquaintances.

Best regards

*Chairwoman of the Scientific Committee
14th International Science Conference on Global Problems
of Agriculture and Food Economy*
