## X International Conference

## GLOBAL PROBLEMS OF AGRICULTURE AND FOOD ECONOMY

*Preliminary announcement*

**Warsaw - Poland, June 27th 2013**

Chair of Agricultural Economics and International Economic Relations is pleased to invite you to the Xth INTERNATIONAL CONFERENCE on GLOBAL PROBLEMS OF AGRICULTURE AND FOOD ECONOMY. Because of its placement, the conference has intentionally a special focus on the economic consequences of the 2004 and 2007 European Union enlargements for the international economic relations in agriculture and food industry, including those between Poland and other countries.

### MAIN TOPICS OF THE CONFERENCE

- prospective developments in agriculture and food industry in selected countries
- processes of globalization in the world economy and their impact on the developments in agriculture and food industry
- impact of European integration on the developments in agriculture and food industry
- human capital and social determinants of the European agriculture in the evolution of the European integration
- impact of global financial crisis on the developments in agriculture and food industry
- interaction between the agricultural development and the state of natural environment
- impact of non-nutritional usage of agricultural products on production and trade in these products
- price and income hazards in agriculture and food industry conditioned on the economic globalization.
